On March 5, 1981, the Town of Opheim (Applicant) filed an application with the Montana Public Service Commission for an order authorizing the applicant to increase its water rates to provide additional revenue to defray increased costs of operation and to maintain, repair, and improve the water utility facilities.

Having considered the application and the documentation furnished by Applicant in support of its application and deeming itself fully advised in the premises, the Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. A Notice of Opportunity For Public Hearing was published in the March 26, 1981 edition of the Glasgow Courier. The notice stated that if no requests for a public hearing were received by April 21, 1981 an appropriate order would be issued based upon evidence submitted with the application.

2. No requests for a hearing were received and no hearing was scheduled.

3. On November 11, 1980 the Town Council of the Town of Opheim passed Resolution No. 3 setting water rates at the proposed level.

4. The City alleges it needs additional revenue to defray increased costs of operation and to maintain, and repair and improve the water utility facilities.

5. The City anticipates that the proposed rates will increase annual revenues by approximately \$2,700.

CONCLUSIONS OF LAW

1. The Commission has jurisdiction over parties and proceedings in this matter.

2. Interested persons were given proper notice and an opportunity to request a public hearing on this matter.

3. The resulting rate levels are reasonable and just.
